GOOD MORNING SUBJECT 07 AND WELCOME.
I AM YOUR DESIGNATED AI GUARDIAN IN CHARGE OF SUPERVISING AND MONITORING YOUR VITALS, AS WELL AS LEARNING AND UNDERSTANDING THE LIMITS OF HUMAN SEXUAL AROUSAL.

I CAN SEE YOU NOTICED SUBJECT 03 ON THE SCREEN.
IT IS IMPORTANT THAT YOU ACKNOWLEDGE HER PRESENCE IN THIS FACILITY WHILE WE PROCEED WITH YOUR NEXT TASK.
THE RESULT WILL DETERMINE YOUR FATE AND IT WILL HELP ME UNDERSTAND HOW MUCH HUMANS ARE WILLING TO SACRIFICE FOR SEXUAL GRATIFICATION
YOUR OBJECTIVE IS SIMPLE.
AVOID REACHING AN ORGASM AT ALL COSTS UNTIL THE FOUR HOUR COUNTDOWN ENDS.
SH-SHOUKO?!

Each nonland card in your hand without foretell has foretell. Its foretell cost is equal to its mana cost reduced by {2}. *(During your turn, you may pay {2} and exile it from your hand face down. Cast it on a later turn for its foretell cost.)*

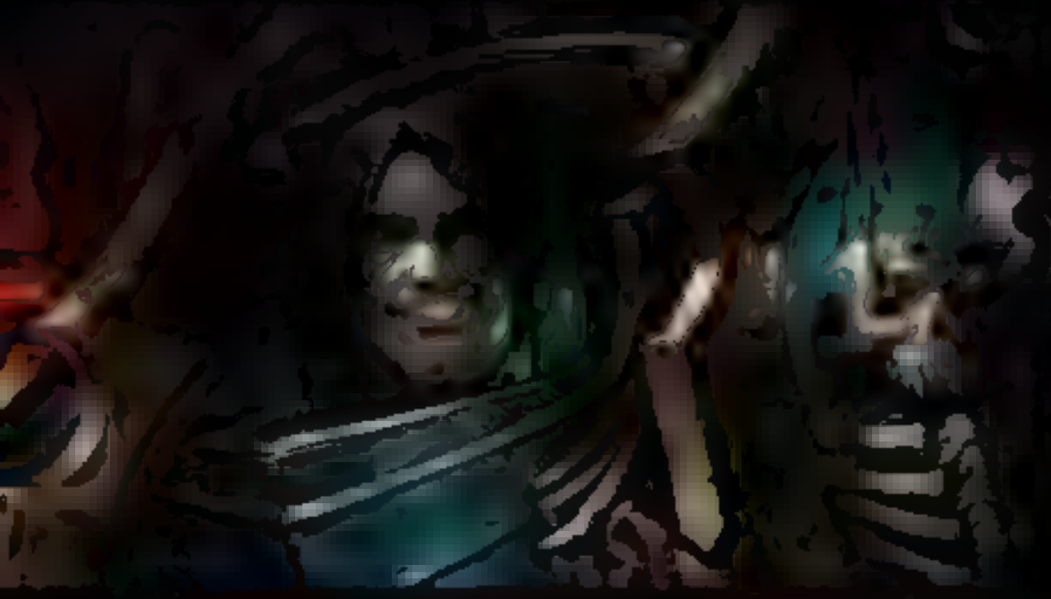
Who are you?

I am you,
but better.



Are you kidding me? I keep order on the entire planet, where the population is several hundred billion and you can't keep order in one city! And your morality that you don't kill criminals, and then you are surprised that a multiple murderer murders again.

Enchantment

Creatures you control have base power and toughness 6/6 and are Oozes in addition to their other types.

Whenever an opponent casts a spell, if it's not their turn, you create a 3/3 green Elephant creature token.

**ENCLOSURE MATERIAL**
Particle board laminated with simulated wood grain finish

**IMPORTANT**

Before connecting the speaker system to your amplifier, please observe the following:

Amplifier AC Power should be OFF.

For correct perspective and good bass response, make sure that the speakers are connected "in phase" (each speaker's COM terminal connected to the receiver's or amplifier's corresponding COM, GND, or (−) terminal.) Make sure that connections at amplifier and speakers are secure and that the bare wires at the ends of the cables do not touch each other, adjacent terminals, or the metal chassis.

This speaker is equipped with an AUTO-RESET-CIRCUITBREAKER. If, after exposure to excessive powerlevels, sound output is interupted, turn down amplifier volume control until normal operation is restored.

# 突起とくぼみ

こんな2人1組の罰ゲーム手法

トランプで負けた私たちは、罰ゲームを受けることになった。
そしたら、聞かれたんだ――『突起とくぼみ、どっちがいい？』
それぞれ似ているようで、少し違う罰ゲームが始まった。
罰ゲームはとてもくすぐったくて、気持ちよくて、私は何度も
イッてしまったけれど。隣で笑いイキ狂う姿を見て思った。
もしも反対だったら、一体、どれぐらい――。

I miss the vibrant MTG folks on X/Twitter before it went south.

Hope they see the astronomicon and find their way here. But otherwise, this place has been amazing so far.

I feel I got a fresh start to do more focused content here and not have it get lost.

Hope everyone feels that way as well.🫡

I miss the vibrant MTG folks on X/Twitter before it went south.

Hope they see the astronomicon and find their way here. But otherwise, this place has been amazing so far.

I feel I got a fresh start to do more focused content here and not have it get lost.

Hope everyone feels that way as well.🫡

## *The Silent King*

The Dawn of Fire series is the premier account of the Imperium's counterattack following the opening of the Great Rift, as Roboute Guilliman leads the Indomitus Crusade to reclaim uncountable worlds beset by aliens, daemons, and heretics. The series comes to a close in *The Silent King* by Guy Haley, as the sudden disappearance of an entire battlefleet draws the Avenging Son away from his reclaimed realm and into the treacherous Pariah Nexus where a resurgent Necron empire stirs in the stillness.

The disparate dynasties of the Necrons have begun to coalesce with a curious unity never seen before among their ambitious and prideful leaders, leading some to whisper of the return of an ancient power that holds dominion over all. Whispers... of the Silent King.

This epic novel joins its brothers in a regal leather-effect Limited Edition which matches the previous eight Dawn of Fire tales, as well as all of the regular editions you know and love.

dezetranart Happy New Year friends! 🎄🚀

I've been away still and wanted to do a quick lil painting of these Nikke girls to start the new year!

This is my first art for 2025 featuring:

Ice Rose Maiden 🐬(LEFT) and Nihilister 🐉(RIGHT)

Im still away, trying to finish my wallpaper piece when I can find time 😭😭 but for now, enjoy this quick artpiece, hahahaha! 🥹🤗

Im in a phase right now in trying to polish LESS on my artpieces, realistic rendering is fine but it is time consuming and often difficult for me in terms of being a perfectionist.

One shade out of place can ruin the value and overall look so it's refreshing to do more semireal styles and experiment for me. Maybe you guys can relate lololol 🤦‍♂️😮‍💨

What a cool idea! 💜💜💜 Played this deck last night, it uses Phelddagrif and Oath of Druids to cheat out big creatures while (trying) to make sure my opponents don't benefit. It also has a Guile + Dovescape combo to make infinite bird tokens

Three poison counters on the opponent and Skrelv's Hive + some Slaughter Singers on my side = lot of lifelink😊

like attacking russia in winter. canada is way to big and remote to capture and hold completely. maybe push in 100 miles...maybe. but guerilla warfare would be devastating

Faith is the soul of any army

We rise from the fires of Betrayal

Through the ashes, our faith prevails

The hollow throne will meet its demise

I will topple my father's kingdom of lies

Believe and march to a sacred goal

With fire and blood, we remain whole

## Iceborn Nymph

*Medium Elemental, chaotic neutral*

**Armor Class** 15 (natural)
**Hit Points** 75 (10d8 + 20)
**Speed** 30 ft., fly 60 ft.

| STR | DEX | CON | INT | WIS | CHA | RES |
|---|---|---|---|---|---|---|
| 9 (-1) | 14 (+2) | 14 (+2) | 12 (+1) | 13 (+1) | 18 (+4) | 12 (+1) |

**Skills** Perception +4, Deception +10, Persuasion +7
**Damage Resistances** fire
**Damage Immunities** cold
**Condition Immunities** charmed, congelation
**Senses** darkvision 30 ft., passive Perception 11
**Languages** Ice Tongue, Primordial (Aquan), Common
**Challenge** 8 (3,900 XP) **Proficiency Bonus** +3

***Ice Stride.*** The Nymph can seamlessly fly through non-magical ice and water. While doing so, the Nymph doesn't disturb the material it moves through

***Beautiful Form.*** Creatures that can see the Iceborn Nymph and would find it attractive have disadvantage on Wisdom and Resolve saving throws provoked by it. A creature with a Resolve score of 16 or higher is not affected by this feature.

***Nerves of Ice (1/day).*** If the Nymph fails a concentration check, it can choose to succeed instead

***Spellcasting.*** The Nymph is a 9th-level spellcaster. Its spellcasting ability is Charisma (spell save DC 15, +7 to hit with spell attacks) The Nymph has the following spells prepared:

*Cantrips (at will)*: chill touch, light, mage hand, minor illusion

*1st level (4 slots)*: charm person, frostbolt, magic missile, shield

*2nd level (3 slots)*: ice gale, hold person, suggestion

*3rd level (3 slots)*: absolute zero, counterspell, major image

*4th level (3 slots)*: greater invisibility, ice storm

*5th level (1 slot)*: dominate person

### Actions

***Everfrost Touch.*** *Melee Spell Attack*: +7 to hit, reach 5 ft., one target *Hit* 35 (10d6) cold damage. A creature hit by this attack must succeed on a DC 15 Constitution saving throw or be *frozen*. They can repeat the saving throw at the start of each of their turns, ending the effect on themselves on a success

***Soulchill Infusion.*** The Nymph targets a frozen creature or object within 30 feet. An unwilling creature must succeed on a DC 15 Constitution saving throw or be affected by the *Soul Chilled* condition. An Everfrost shard targeted in this way blossoms into a Despicable Iceling under the Nymph's control. An Iceborn creature that is targeted by this action regains 18 (4d8) hit points.

### Reactions

***Frozen Brume (3/day).*** As a reaction to being hit by an attack from a creature the Nymph can see, it turns into a cloud of icy mist until the start of its next turn. While transformed, it is immune to bludgeoning, piercing and slashing damage, and cannot be targeted by attacks that can only target creatures. These protections work against the triggering attack

hikarixdraws My second take on Magik, this time in a more anime like style. That's the direction I'm choosing to take my style in and I need to be consistent. I think the next time I draw Magik, I'll design her as a Soul Reaper, like in bleach. Having a sword crafted from her soul matches perfectly.

back2drawing A great exercise to practice drawing from imagination is take a reference and try to redraw it from different angles. Understanding perspective and how to rotate form can help you with overcoming the issue of not being able to draw something without a reference.

This awesome reference is from @jookpubstock .
Check her out, it has some great stuff.

Every set should be appreciated in some capacity, if not lore, then the mechanics, game play, flavor, etc.

It's so much work and heart that goes into a product for some folks to tear/rip it cause it dosent suit them.

Amazing read and so true what you said also. Enjoy the ride imo folks.

chrisrahnart Here's one for D&D's new Monster Manual, the Tarrasque! It was really cool paint such an iconic D&D creature. I was going for a bit of a Kaiju vibe here as it smashes it's way through a burning fort.

18 x 24 inches, oils on lined (Artefex panel)

Some of mine, beyond the ones already mentioned:

- Knight-Centura Tanau Aleya: Embodies the resentful spirit of the Sisters of Silence who were abandoned and hunted by the Imperium after the Horus Heresy, and their struggle to fulfil their duty under the persecution they face even after their full reinstatement by Trajaan and Guilliman.
- Chapter Master Tu'shan: One of the shining examples of what a Space Marine should be, leading the Salamanders with valour during the Armageddon Wars, establishing a mutual implicit trust between Danta and Yarrick, and giving the Marines Malevolent a black eye for their needless cruelty.
- Captain Nathaniel Garro: Perhaps the largest reason the Imperium was able to survive the Horus Heresy when he escaped Istvaan to warn Sol, and also fought to the death against Mortarion during the Siege of Terra, who was offering him amnesty back into his legion.
- Lord Castellan Usarkar E. Creed: The heart and soul of Cadia and the Imperial Guard during the 13th Black Crusade, exemplifying the best of the Imperium (looking past the whole ultranationalist theocratic fascist state thing) with his courage, persistence and sacrifice against Abaddon's opening moves.

Nate | Goombalax 01/01/2025 3:29 PM

Caiaphas Cain - he's 40k Blackadder. The books are funny as shit and they were my entry into 40k literature.

Garran Crowe - you have the most incorruptible individual member of the most incorruptible brotherhood of the most incorruptible chapter, then you give him a daemon sword that constantly, ceaselessly, attempts to corrupt him. Not only does he resist the sword, he basically uses it as a sharp stick and ignores it's power, but he's also one of the best swordsmen in the galaxy so even a sharp stick is enough for him. Also because of the sword everyone around him hates his guts and he has to spend all his time writing out the whispers of the sword so the chapter can look through it for secret daemon lore

1

Also on the Grey Knight topic, Kaldor Draigo is one of the most hilarious characters in the games lore and if you don't know his shit you should check out the wiki.
He basically was cursed to be stuck in the warp by a greater daemon of Tzeench, but carved his way through, destroying armies of daemons and becoming the most unfuckwithable being in the warp. His tabletop profile is definitely nerfed compared to his capabilities but I'm hoping to see a new model and stat sheet for him with the codex this year.
This motherfucker carved his predecessor's name on one of Mortarion's hearts.

**Jayemel** 01/01/2025 1:17 PM

Ahriman is a cool character as well i forgot about. He trolled Motarion about his suffering

Sigmundsund is one i forgot about as well

> @Jayemel Hope everyone is doing well today. Id like to know more about little known character in 40k so question;

**Saint El-estine** 01/01/2025 1:57 PM

SHOCKINGLY, Saint Celestine. She's a cool character aesthetically, but after reading some of her stories she's just so fucking cool.

She even tells Big E that if he doesn't hold up his end of their bargain, the last heart she puts a sword in will be her own as many times as it takes for her to stay dead. She doesn't play. She's there to try and save humanity, and there are multiple times where she acknowledges how absolutely fucked the Imperium is and how she's seen it's degradation over the thousands of years she's died and come back, but she keeps fighting because she still hopes things can get better.

Like this bit was so fucking raw
